Description

Ready to start building the finca of your dreams: 14.622 m2 of fenced land between Alcudia and Pollença in a quiet location, with fruit trees and sea views from the first floor, surrounded by the panorama of La Victoria, the mountains of Son Fe and the Serra de Tramuntana. The finca has easy access, legal well and mains electricity. The approved licence foresees the construction of a single-family house with 293 m2 on ground and ground floor, with 3 bedrooms, 3 bathrooms, big kitchen with dining room and living room, plus spacious terraces, swimming pool of 47 m2 and garage of 32 m2 for 2 cars. Surrounded by numerous beautiful fincas, this plot is easily accessible and only 6 minutes by car from Alcudia with its shopping and service facilities and 6 minutes from Pollensa. Thanks to its excellent location, the beaches and bays of Alcudia and Pollença, Playa de Muro, the Serra de Tramuntana, the Albufera Natural Park and even Palma are all within a short distance. This building plot in Alcudia is exactly what you think of when you close your eyes and build your dream home in your mind. A country house in traditional Mallorcan style or a modern finca? Hammocks with thatched parasols or Balinese beds by the pool? An elegant black and white kitchen or a rustic kitchen made of polished concrete and wood? The beauty of this property is that all options are open, because you are the one who chooses the materials and the quality, and you give it the touch that distinguishes a house from your home. May we show you this beautiful plot?
